**Response to Notice of Non Compliant Amendment**

Mail Stop Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

This is in response to a notice of non compliant amendment mailed November 3, 2008 for the above referenced matter; a response for which is due December 3, 2008. On October 14, 2008 applicants filed an amendment in response to a non final office action, wherein the status identifier of amended claim 8 in the listing of claims was not updated to reflect 'currently amended' status as required by 37 CFR 1.121. Applicants have corrected the status identifier of amended claim 8, and herewith resubmit the listing of claims section of the October 14, 2008 amendment in compliance with 37 CFR 1.121.

Reconsideration of the October 14, 2008 amendment is respectfully requested in light of the above.
